

## **Buildings Catalogue**

## Manor House

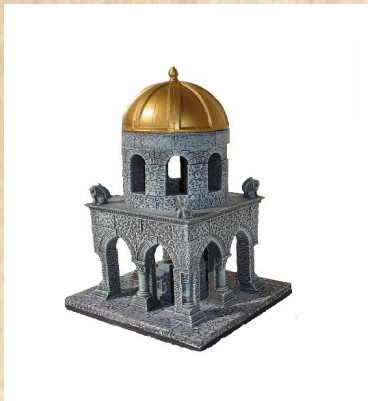

This is one of the largest kits which I currently produce. The model is of the manor house. As you can see from the various photos this model has a lot of features.

Textured walls, floor, roofs  
Angled walls  
Doorsx3  
Removable stair section.

---

## Shine of Dkakaan

The shine of Dkakaan contains a number of features which include Arches, round tower section domed roof as well as a number of other features.

---

## Barbarians Longhouse

A large building made up of an enormous mammoth's skull and bones. The king must be fearsome indeed to have overcome such a beastie!

## Ruined Cathedral

A large Ruined Cathedral building made up of 6 resin parts, which feature gothic window, door, etc.! Six resin model.

---

## Portal Tomb

This model kit will produce the portal tomb as shown in the pictures. The model can be used in a number of sci-fi settings. This model is for the 25mm scale.

---

## Teleport Pad / Signal Tower

This kit will produce 2 models as follows:

### Signal Tower

This model is a signal tower for use in sci-fi settings. This model is for the 25mm scale. The walls and floors have Schematic patterns on them.

### Teleport

This model is a teleport pad for use in sci-fi settings. This model is for the 25mm scale. The walls and floors have Schematic patterns on them
